

A new complex in Latsia with easy access to the motorway and the city center, close to pharmacies, supermarkets and the rest of the infrastructure. The project is built according to the “petal” type, which eliminates the joint load-bearing wall with neighboring apartments, which means it provides a more comfortable and peaceful living. High-tech energy-efficient materials of European quality are used in the construction. Each apartment has floor tiles in combination with laminate flooring, European-made plumbing is installed, air conditioners are installed in each room, and a photovoltaic system is installed on the roof, which will help reduce the budget for electricity consum...
